Press Release

Students who use Midwest Chess Academy attended the National Elementary (K-6) Championship at the Opryland Resort in Nashville, TN May 11-13, 2012. Overall, Team Midwest Chess Academy brought home 5 different trophies from the event.

As usual, this event brought just over 2,200 players from all across America and all sections were fiercely contested.

We did not have any full squads in attendance so most of the awards were for individuals only.
